

OmVeda's new look packaging

OMVEDA HAS repackaged all its 200ml products to reflect a more classic and consistent look. The new packaging complements the existing gold-topped home-care products, and is a more sophisticated presentation featuring a sealed pump action to maximise retail sales. OmVeda's creator, Yasmin Sadikot said: "OmVeda's evolution and strong presence in Australia and internationally led us to this more streamlined and stylish re-vamp. Our high performance and traditional formulas remain the same". The product re-packaging includes Body Gel, Sandalwood Cleanser, Rehydrating Body Lotion, Honey Body Moisturiser and Hair Care products. Contact: OmVeda 1300 662 383, www.omveda.com.au.
