B-ESSENTIAL

LENDAN has created a complete line for essential beauty salon protocol, which not only provides all the virtues of a formula that is a source of beauty and health, but

textures that sink into the skin on contact; enveloping floral and fruity fragrances full of sensual refinement. All of these combine to become a "wake-up call for the senses", turning your work in

TARGETING PIGMENTATION

OmVeda Vegetable Peel Mask targets the signs of hyper-pigmentation such as brown spots, darker, dusky markings, freckling whilst also offering remarkable results in reduction of scarring and acne.

A specialized Ayurvedic mix of active herbs is blended with

organic milk or yoghurt whose natural enzymes activate the herbs helping accelerate cell renewal, minimise the appearance of darker patches and brighten the complexion, in addition to promoting skin suppleness and smoothness.
