

NEAT TREATS

Wear the right mask

OmVeda's high performance masks include Mango, Fruit, Strawberry, Clove and Cucumber varieties. They can be used alone or mixed with fresh ingredients to enhance their effectiveness. Rejuvenating, hydrating and helpful in relieving sun damaged skin, Mango Mask is rich in vitamin C. Cucumber Mask helps cool and balance oily and sensitive skin. Strawberries are rich in vitamin C, potassium, sodium and iron. Strawberry Mask helps stimulate circulation and gently exfoliate, leaving skin smooth and plump. Formulated to balance oily and acne-prone skin, Fruit Mask contains citrus, bael fruit and zinc. Anti-bacterial Clove Mask draws out impurities and minimises irritations without affecting the skin's acid mantle.
